6號單位 - 9號單位
Unit 6 - Unit 9

This architectural floor plan illustrates a 12-unit residential building, likely a townhouse or apartment complex. The layout is symmetrical, with three units on each side of a central corridor. Each unit is numbered 1 through 12. The plan includes detailed room layouts, dimensions, and architectural features.

Unit Layouts:

- Units 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12:** Each unit consists of a bedroom, living/dining area, kitchen, bathroom, and utility room. The units are arranged in a grid-like fashion, with a central corridor providing access to each unit.
- Units 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12:** Each unit includes a bedroom, living/dining area, kitchen, bathroom, and utility room. The units are arranged in a grid-like fashion, with a central corridor providing access to each unit.

Architectural Features:

- Stairs:** Stairs are located within each unit, providing access to different levels.
- Garden:** Garden areas are located outside the units, providing outdoor space for residents.
- Dimensions:** The plan includes numerous dimensions in millimeters, indicating the size of the units and the overall building footprint.

North Arrow: A north arrow is located in the top right corner of the plan, indicating the orientation of the building.

0 5米/M

This architectural floor plan illustrates a symmetrical 3-story residential building layout. The plan is divided into three main sections, each featuring a master bedroom (labeled 5, 3, and 2 from left to right), a bathroom, and a bedroom. The central section contains a master bedroom (labeled 10, 11, and 12 from left to right), a bathroom, and a bedroom. The plan includes numerous dimensions in millimeters, indicating the overall size and room proportions. Key structural elements include canopies, flat roofs, and various rooms labeled 'P.D.' (Private Dressing). The layout is highly detailed, showing the placement of doors, windows, and furniture.
